I understand. Given the number of folks, it seems like agency perspectives could be represented by a fewer number of people. We are really focused on hearing about significant issues and determining if there is a viable path forward, not asking for resolution of all issues.

Greg,

I agree, I am doing my best.

Yesterday, I committed by the end of the week I would provide a date or two.

Please be patient and understanding

This is getting hard to manage. Could you propose some specific time windows for BLM folks?

Good Morning

Ralph Thomas the District Manager for Carson City BLM, is not available the last week in November. We will need to look at the first full week of December. And if the need exists after the three agency meeting to meet with ARC, then maybe the ARC/Three Agency Meeting can be the week of 12/12/06. Thanks in advance.

Thoughts?
